Lions, tigers and bears

Page 2

Before you start, read page two of Lions, Tigers and Bears by Mike Bullock and Jack Lawrence.

1. In this story Joey's stuffed animals actually do protect him. Why do you think kids like to have their special stuffed animals, or blankets around when they are scared?

2. Do you like sleeping over at other people's houses? Why do you think some people like it and some people don't.

3. The kids mention the names Orson, Ares, and Venus. These are the stuffed animals the kids lost with their luggage. Draw what you think the three look like (hint: read the title of the story).
